MANGOALE
ELECTRICAL **TRADE TEST** TRAINING

Prepare for excellence with
Mangoale Holding and Projects

UNLOCK YOUR FUTURE AS **A CERTIFIED ELECTRICIAN**

At Mangoale Holding and Projects, we are committed to empowering aspiring electricians and semi-skilled professionals with the knowledge and hands-on experience needed to succeed.

Our Electrical Trade Test Course prepares candidates to achieve the internationally recognized Section 26D Red Seal Certificate—your gateway to new career opportunities and industry respect.

Course Overview

This course is tailored for:

- **Assistants and Aiders** looking to formalize their skills.
- **Semi-skilled electricians** aiming for professional recognition.
- Individuals with relevant experience seeking to become **qualified electricians**.

Flexible Duration: Completion depends on your experience and skill level. Candidates with prior hands-on experience may complete the course in as few as **30 days**, while others might require up to **80 days** to master the material fully.

Comprehensive Approach: We blend **practical lab sessions** with expert guidance, ensuring every candidate gains the technical confidence to excel.

What You'll Learn

The course equips you with:

- Mastery of **basic hand tools and electrical instruments**.
- In-depth understanding of **occupational health and safety regulations**, including SANS electrical standards.
- Skills to **design and wire circuits/schematics**.
- Techniques for **testing, fault-finding, and repairing starters and motors**.
- Proficiency in **constructing and wiring electrical installations**.

Modules include:

1. Single-phase and three-phase starters.
2. Star/delta and forward/reverse starters.
3. Sequence starters.
4. Cable testing and jointing.
5. Electronics and energy panels.
6. Load-balancing panels.

*I'm confident to say
Mangoale Holding
and Projects is one of
the best, excellent
Training Centre that
Offers a specialized
Training and Trade
Testing.*
